Watch out for Burglars!

Now that it's summer, many of us open our windows for ventilation to let cool air in. However, beware of crafty burglars who are seizing the opportunity to commit crimes!

Source: Prefectural Police Website

Two Types of Burglary

Empty House

Trespassing into someone else's house when no one is home to steal their property

Occupied House

Sneaking into someone else's property at night when they are sleeping to steal their property

How Burglars Break into Empty Houses

(2018) Methods of Breaking into Empty Houses	Landed Property		Apartments	
	Cases	Percentage	Cases	Percentage
Breaking Windows	203	51.7%	21	17.5%
✕Unlocked	142	36.1%	72	60.0%
Others	48	12.2%	27	22.5%
Total	393	100%	120	100%

Note: Unlocked refers to burglars breaking in via windows or doors that were unlocked

Landed property are vulnerable to window break-ins, while apartments have burglars breaking in through unlocked doors and windows!
